## TERSELY TOLD.

S. A. Duncan, of Atlanta, superintendent of the Postal Telegraph Company, of this district, is in the city on business connected with the local office.

Geo. A. Galliver, J. W. Galliver and A. Broaky, all of Bagdad, and connected with the Stearns-Culver Lumber Company, were in the city yesterday on a short business visit.

Chaplain Walter G. Isaacs, U. S. Navy, of the battleship Kearsarge, will fill the pulpit of the Palafox Street Methodist church on Easter Sunday evening at 7:30 o'clock.

Nine defendants were before the mayor in the police court yesterday morning for trial. Of this number one defendant was discharged, one case continued and fines amounting to \$43 imposed.

The remains of Harry Nelson Daily, of the battleship Iowa, who was drowned Friday morning, will be shipped to his former home in South Dakota, to-day. The body will be accompanied by B. F. Sheldon, a personal friend of the deceased. Funeral services will be held at Pou's undertaking parlors this morning at 10 o'clock and the remains will be escorted to the train by a guard of honor from the ship.

The Landrum and Silent Nine baseball teams will play a game of ball this morning at Palmbeach Beach, which is expected to be an interesting event. The manager of the Silent Nine did not care to give out the names of his players, for special reasons. The Landrums will line-up about as follows: Borrass, catcher; Miller, pitcher; Childers, first base; Berger, second base; Griffin, short stop; Klunker, third base; Bogart, left field; Prytz, centerfield; Means, right field.

Terseely told.  
Why Blue Ribbon? Because Blue Ribbon Lemon and Vanilla Extracts are made from the natural fruit and are absolutely pure. Takes less. Flavors perfectly.

## A Dandy for Burns.

Dr. Bergin, Pena, Fla., writes: "I have used Ballard's Snow Liniment, always recommended to my friends, as I am confident there is no better made. 'It is a dandy for burns.' Those who live on farms are especially liable to many accidental cuts, burns, bruises, which heal rapidly when Ballard's Snow Liniment is applied. It should always be kept in the house for cases of emergency." 25c, 50c, \$1.00 bottle. Sold by all druggists.

## SAGE LEAVES FROM BRENT

Special to The Journal.  
Brent, April 22.—The cold nights have been very damaging to tender vegetation.

President Roosevelt is keeping up such a stir in the snow drifts of Colorado that it seems to chill the atmosphere of the whole Mississippi valley. Mrs. H. H. Boyer and Miss Edith Lusk, of New City, paid us a flying visit on Tuesday by an all rail route over the electric and Ellen Ann lines.

Miss Sallie O'Neal, of Pensacola, is visiting her sister, Mrs. Albert Clouton.

It seems like "the good old summer time" to hear of an ice cream festival at the hard road Baptist church on Friday night. We were not there to "take the cake" and report the minutes, but learn that it was well patronized, and many lovers, (of ice cream) made happy.

I am glad to see a "home-made" proposition to take up the Andalusia railroad problem, and put it through to the "bitter end," if the city will transfer to them the same terminal facilities offered to "outside barbarians."

I will volunteer to throw the first shovel-full of dirt—if it can be started while I am above the ground.

THOS. McMILLAN.

"Itching hemorrhoids, were the plague of my life. Was almost wild. Doan's Ointment cured me quickly and permanently, after doctors had failed." C. F. Corwell, Valley Street, Sougeties, N. Y.

## Most of My Old Friends Know

The one reason why we have no old goods in stock is because I sell everything for Men's and Boys' wear at such a close margin. But, then, you see, ready money in buying goods is a great power, and since I sell for cash my selling price is not far ahead of my buying price—and there's no bad debts to wipe out any profits.

## OPIUM JOINTS IN TAMPA SUBURB

TAMPA NEWSPAPER PAINTS HORRIBLE PICTURE OF DEGRADATION EXISTING IN DOPE DEN.

Following a sensation caused by the discovery of a Tampa man that his wife and a male neighbor were habitual attendants at a Fort Brooke opium den, the Tampa Herald contains the following:

## Twenty-Five Joints.

A local story which appeared in yesterday's Herald should at once arouse the interest and attention of the general public. The article referred to was that telling of an outraged husband finding his wife in company with another man in an opium joint in Fort Brooke, and the exciting events which followed. The Herald is informed, upon what it deems reliable authority, that twenty-five or more of these infamous dens of iniquity exist in this city and Fort Brooke and perhaps other suburbs.

## Young Men and Girls.

These places are being constantly visited by young men, young girls and married women who are being lured there by designing persons who have already become victims of the habit. These places exist openly and are daily and nightly thronged with all classes and conditions of men and women, all seeking to indulge in the smoking of opium and the other vices which form a prelude or follow.

The Herald is informed that the number of persons who frequent these places now is simply astonishing and the disclosures as to the identity of many of them would set the city agog with excitement that would last even Tampa for months to come. These places run open because there seems to be no law by which they can be suppressed at the present time, therefore this seems to be especially fitting time to call attention to the evil so that an effort can be made to secure the passage by the legislature of a strong law which will put an end to an evil which is greater than all others existing in Tampa just now.

## Law Should Be Invoked.

The opium habit is the worst form of vice and leads quickly to all the crimes on the calendar. The dens which are being conducted for the benefit of dope fiends and for the many new victims which can be lured there, should be put down and the representatives from Hillsborough county could do society no greater service than to prepare, introduce and pass a law which will bring the evil to an end, or at least reduce it to the minimum. The longer the evil exists the harder it will be to uproot and put out. The Herald believes that the law is one that would benefit the entire state and society will be much better for its having been made.

## LAST WEEK AT MARIANNA

BAPTIST REVIVAL RESULTS IN MANY ACCESSIONS TO CHURCH MEMBERSHIP THERE.

Special to The Journal.  
Marianna, April 22.—After nearly two weeks' protracted meeting held here by the Baptist church people, a landslide has been experienced in that church in the way of receiving new members, numbering about thirty. This certainly speaks well for Mr. Bealor who did the preaching. It was followed by baptizing yesterday at 3 o'clock, something like a thousand people being there to witness it.

The weather is good and the farms of this county are in better condition than they have been at this time of the year for many years.

Mr. E. N. Dekle, of Chipley, was in town this week. Mr. Dekle is a man who is always welcomed anywhere he is known.

Hon. J. W. Kehoe, state attorney for the first judicial circuit of Florida, returned home Thursday from Pensacola, where the circuit court has been in session. Mr. Kehoe left for Tallahassee Friday on the 11:25 train.

The people of Marianna and community hear but little of what the legislature is doing in the way of making laws, though we are expecting Senator Wilson home to-night and perhaps he will be able to explain why things are so quiet over there.

Our criminal docket in this county is and will be very light this spring, although we have a great many cases in the lower courts.

Judge J. C. McKinnon has been ill for a day or two, but returned back to his office upon the discharge of his duties Friday.

Lots of new building is going on here and is very much needed.

The sheriff, Mr. W. H. Lewis, has been in Tallahassee all this week. We well, that is all O. K. for him. He was a member of the legislature from here so long until he feels perfectly at home there yet.

Samuel Wilson came in from Tallahassee Wednesday night, where he has spent the greater part of the week.

## Full of Tragic Meaning.

are these lines from J. H. Simmons, of Casey, Ia. Think what might have resulted from this terrible cough if he had not taken the medicine about which he writes: "I had a fearful cough, that disturbed my night's rest. I tried everything, but nothing would relieve it, until I took Dr. King's New Discovery for Consumption, Coughs and Colds, which completely cured me." Instantly relieves and permanently cures all throat and lung diseases; prevents grip and pneumonia. At all druggists; guaranteed; 50c and \$1. Trial bottle free.
